Dear Sandy:

Thank you for the draft agenda, which looks really interesting. Yes, I would be happy to be a resource person for the small group discussions.

However, the details about the airport transport was not included.

I look forward to meeting you and to the event!

Best,

Kris

Hi Kris,

Thanks for confirming about the bio. We are getting very excited out the upcoming Woods Hole program!

The details about transport from the airport to Falmouth on Sunday are in the attached document. Let us know if you have any questions or need any help. If you ever need it, my cell phone number is 202-631-3505.

I'm also attaching the current draft agenda. During the impacts portion of the program, including Christopher Schwalm's overview and your talk, we will also have small group discussions with groups of judges digging in on specific impacts and litigation they are seeing or are anticipating in their states. Each small group has a scientist or two as a resource person for the session. In addition to your talk, would you also sit in with a small group discussing various kinds of heat impacts? (We penciled you in on the attached draft...) Let us know?

We don't have a specific plan about getting you back to the airport on Monday evening but either one of us will drive you or we will get a cab!

We look forward to finally meeting you in person!

Best,  
Sandy

**EXTERNAL MAIL. PLEASE USE CAUTION**

Dear John:

That bio is fine. Thank you for checking.

Best wishes,

Kris

Dear Professor Ebi,

I am writing because our partner, National Judicial College, is putting together materials for the Woods Hole program and we need biographies for all of our speakers. I found the attached biography for you online. Please let me know by 12 noon on Friday if you would prefer to use a different biography.

Thank you very much,  
John
