Hi Justice Duncan,

It was great talking yesterday! I'm following up here with CJP's reading materials for the upcoming climate science program. Attached here are two of our curriculum modules, Overview of Climate Litigation and Procedural Techniques. I'm also attaching a one-page advertisement for the CJP website and our other curriculum modules. We would be very grateful if you could also include this one-pager with the materials. Finally, [here](#) is Jarryd's blog on *Held v. Montana*, should we want to include it. Thanks again for your leadership on this! I'm looking forward to this event. And, please feel free to reach out if you need anything else from us in the meantime.

Best wishes,
John
