Hi Judge Warner,

I saw that you accepted the invitation, welcome to the group listserv! Many of your colleagues from the Judicial Leaders in Climate Science program have been sending updates on their action planning, so I'm glad you'll be able to participate in those conversations.

On that note, we're planning to send out a document with a description of everyone's action plans in January. We want to make sure to include a summary of your plan in the update. At Woods Hole, you mentioned you were interested in getting someone from OSU to speak to a group of judges. Is this still something you're interested in doing? We'd be more than happy to talk through any ideas or share resources if that would be useful.

Here are a few examples that your colleagues have shared with us:

- Judge Toro and Judge Huergo are working together to organize an in-person judicial session on climate science in June;
- Judge Montalbano has proposed 3 sessions for the Sept. judicial conference in a letter to his Chief Justice; and
- Judge Knight is working with us to develop a 2-part series on climate science, impacts, and litigation trends in Maryland (Spring webinar, followed by a daylong session in September).

In the meantime, we wish you a festive, and warm, holiday season!

Best,

Sarah
