

If you are receiving this message, you are among those who requested airport ground transportation for the upcoming Falmouth, Massachusetts session of the Judicial Leaders in Climate Science course.

PLEASE SAVE A COPY OF THIS DOCUMENT ON YOUR MOBILE PHONE SO THAT YOU CAN HAVE IT HANDY TO CONSULT IF NECESSARY.

Bearing in mind the diverse travel plans for the course participants, we have endeavored to place you in a group for transportation to and/or from your airport with departure times that can accommodate all passengers in your group. Departure times have necessarily been predicated on the assumption that there will not be significant air travel delays.

Ground transportation services will be provided by Falmouth Taxi. They have been given your last name in conjunction with the pickup time(s) listed below. In the event your travel plans should be altered and you will miss your pickup time, please let Falmouth Taxi know if possible. If that happens on Sunday September 11, it is unlikely there will be anyone in their office, but here is the contact information anyway. Telephone, [REDACTED]

The costs of the ground transportation provided by Falmouth Taxi will be covered, along with a 15% gratuity for the driver. You may, if you wish, add to the gratuity individually or as a group for particularly good service, but obviously that is not mandatory.

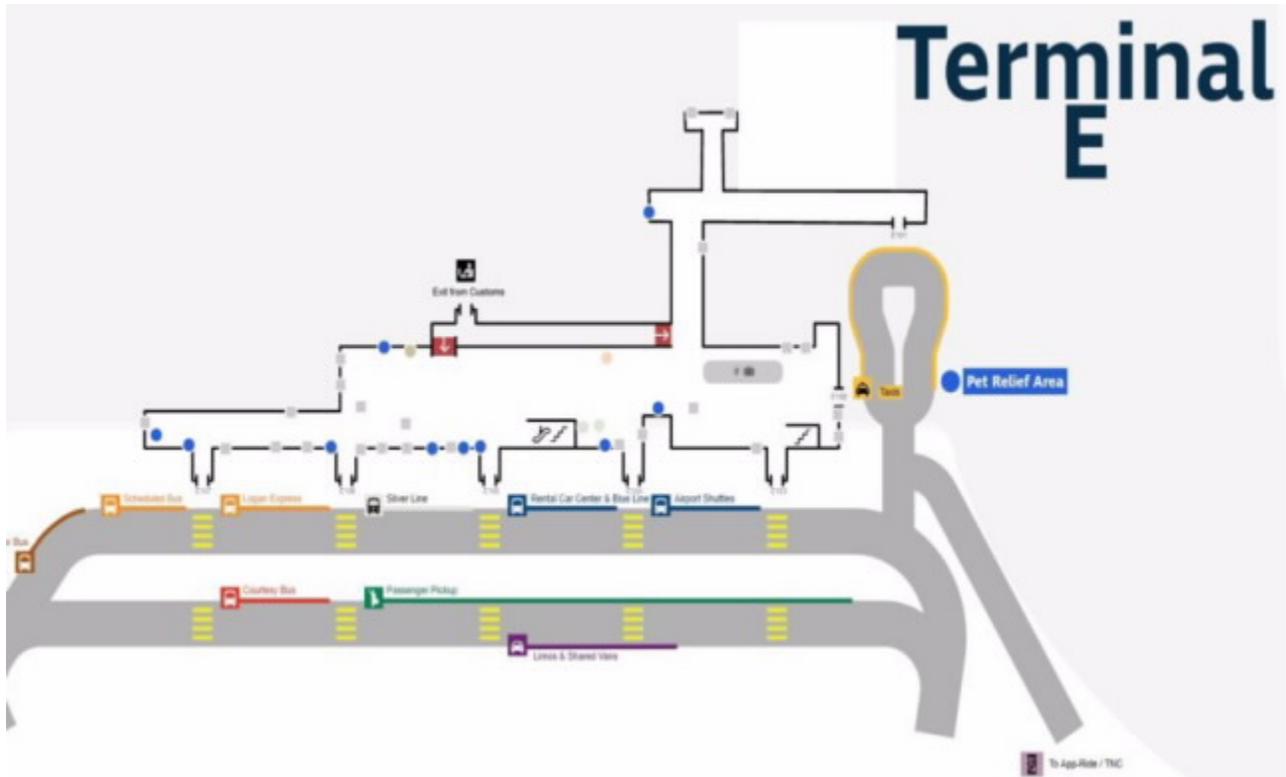

In the event of a significant air delay or other change in your travel plans, you will in all likelihood have to make your own ground transportation arrangement. Taxis are readily available at both airports, as are Uber and Lyft services. For the latter, please follow airport signs to the appropriate pickup points. (At Boston's Logan Airport, for example, those services do not pickup at the terminals as the taxis do but only in designated areas in the Central Parking facility, which is accessible via a pedestrian bridge from each terminal).

Your destination is the **Holiday Inn Falmouth**, located at 291 Jones Road, Falmouth, Massachusetts 02540. [REDACTED]

Sunday September 11, 2022:

1. Boston Logan

For those flying into Boston's Logan Airport, pickups will be at the Terminal E Limo Pool area, which is located outside Terminal E. You will have to cross two pedestrian islands from the Terminal door you exit in order to get to the Limo Pool area. Please consult the following diagram: The Limo Pool area is at the bottom.

None of you is, to my knowledge, flying into Terminal E, but that, unfortunately, is the only place that Falmouth Taxi will make pickups. (On the return trip, however, they will drop you off directly at the appropriate terminal's airline ticket entrance for each passenger). As far as I can ascertain, Boston travelers are flying into Terminal A, B, or C. All the terminals are connected internally (N.B. the layout is somewhat circular, so Terminal A actually connects directly to Terminal E), so please follow the airport signage directing you to Terminal E, and then exit Terminal E and proceed to the pickup point at the Limo Pool area.

Here are the pickup groups and times for Sunday at Logan Airport:
