

Action Plan Template – Judicial Leadership in Climate Science

Name: Judge Manuel I.. Arrieta

Goal: Educate the judiciary on CS and interplay with NM water law; advocate to include CS with water law.

Adapt the template for your project. (If you want, you can include steps you’ve already taken in your plan so that you have a record of the overall progress toward the goal.)

Actions / Steps / Tasks Specific, measurable, attainable, relevant (<i>sequentially ordered</i>)	Responsible Person(s)	Timeline <i>When due</i> <input type="checkbox"/> = Done	Resources Required + = Available - = Needed (<i>Note plan to get resource</i>)	Potential Barriers <i>Possible roadblocks/ resistance</i> (<i>Consider how to address barriers</i>)	Additional Notes
1. Propose to educate on CS: - judiciary (CLE) - UNM law students (10.26.22)	self	educate judiciary by June 2023 -students - done on 10/26/22	-authority from Sup Ct to proceed (by 12.22) - resources +	-cancellation of CLE due to COVID - may do Zoom presenation	
2. Set up educ seminar on interplay wit	self (with assistance from venue)	educate water judges by June 2023 - students - done	minimal resources; main resource is time to prepare	none noted	
3. Propose merger of CS with water law	self (with Sup Ct)	by December 2022	- need authority and order from Sup Ct	politics, possibly	discussed merger with Sup Ct on 11/3/22 - ongoing
4. Engage discussion through presenta	self	ongoing	- so far, all venues have been receptive to presentations - publications will occur by self and in collaboration with others	time needed to attend presentations develop publications
