Dear WCEL Members,

Thank you for your interest in participating in the activities and projects of the IUCN World Commission on Environmental Law.

On April 27, you should have received an email from the WCEL list-serve announcing the **2nd World Environmental Law Congress**.

This high-level event will be held at the Supreme Court of the State of Rio de Janeiro, Brazil, 25-29 March 2020.

The general theme of the Congress is ***Environmental Law 2030 and Beyond***, a departure from the common approach in previous events to reflect primarily on past or present developments and issues.

The WCEL Steering Committee, in collaboration with the WCEL Specialist Group Chairs, would like your feedback on the programme for the 2nd World Environmental Law Congress.

The WCEL Steering Committee and WCEL Specialist Group Chairs would also like your input on proposed themes for the WCEL-sponsored **Forum Workshops** at the **IUCN World Conservation Congress** in Marseille, France, 11-19 June 2020.

We have attached background materials on the two events and the draft programmes for your review and preparation for this regional consultation.

To date, WCEL has conducted consultation calls in Latin America, Europe, and Africa.
