Hi everyone,
Hoping we can have a quick meeting before we arrive in Rio.
Alejanda: thanks for doing the doodle!
Is everyone free on **Dec. 3 at 10 am HST**?
Just for 30 minutes.
Thanks,
Denise

have a chunk of [redacted] time now in Rio and for a few weeks beyond to get this done, and done well up to WCEL Standards :)

Thank you!

* (from Christina Voigt): "As for the conference proceedings, I understand that Denise [redacted] are working on a volume that captures the proceedings from Rio. I would need some more information about this, but am generally positive. Fred is tasked to provide an overall report capturing all 6 events of the 2nd WCEL World Environmental Law Congress: Mexico-City, Suva, Rabat, Rio, Singapore and Paris. Denise and [redacted] work can feed into this report, for which I am sure Fred would be grateful, but their work on the proceedings is wider in scope with respect to the Rio event."

Emne: Rio: Seeking your blessing of proposed Proceedings Committee and on-site help from [redacted]

Aloha Christina,

In preparation for Rio and to ensure we have high-quality WCEL knowledge-products,
Antonio, Nick, and I propose a small "**Proceedings Committee,**" which
would be responsible for the post-Rio reports for the WCEL web site (within a few weeks) and longer "proceedings" for WCEL/GJIE (perhaps within one month, so we can work on it over winter break).

Both Nick Bryner and I are willing to serve as co-chairs and focus on the English version, with Alejandra Rabasa and Natalia Reyes-Heroles focusing on the Spanish version (I think you know her? clerk on the Mexico Supreme Court, I hope I have her title right, but I know she was a big help for the Mexico Congress segment and works well with Alejandra).

[redacted]

Let us know if these proposals are OK or if you have comments/changes. (If so, I want to get [redacted]icketed asap to keep the price down.)

Thank you!

Best,

Denise
