Congratulations Carl!!

Definitely a tough competition - very glad this proposal made it!

Dear all,

Our proposal for the World Conservation Congress has been conditionally accepted! This is great news, as the competition was fierce. Please see the notification below. I gather we will receive further guidance from the Forum team. I will let you know as soon as I receive that guidance.

Warm regards,
Carl

Dear **Carl Bruch**,

Thank you for submitting a proposal for the IUCN World Conservation Congress 2020 Forum. We received a record number of nearly 1450 proposals through the call, which was open from 7 May to 17 July 2019.

The competition was severe, as we received a large number of very high quality proposals.

It therefore gives us great pleasure to inform you that your proposal(s):

2624 - State of Global Environmental Rule of Law Reports: Tracking and Advancing Environmental Rule of Law

has conditionally been accepted for inclusion in the final programme of the IUCN Congress 2020 Forum.

The reviewers have requested that your proposal be revised (this may entail merging, modifying or rescaling to a different format). The Forum team will be in touch with you in the coming days to provide further details on the requested revisions and requirements for final acceptance of your proposal.

Once you have confirmed your acceptance of these required changes, you will be invited to access your approved session(s) on our *Session Management System* so that you may further elaborate its content and description. In the coming months, you will also be requested to work with professional facilitators in order to finalize your session(s).

Congratulations once again on submitting a very strong proposal. We look forward to working with you in the coming months!

If you have any questions, please do not hesitate to contact us at:
