Hi Zipporah,

Thank you! Great to chat with you today. We chatted internally after the meeting and decided that our best course is the Chesapeake Bay Foundation (CBF) as a first choice with Goddard and the Smithsonian as backups. We're optimistic that we will have 30 people and hope to do a fun excursion as a part of the event.

If you agree, Paul has a connection to CBF and would be happy to make an initial inquiry to boost our chances and then connect you. How does that sound?

We are open to your thoughts!

Best,
Jared Mummert (he/him)

CAUTION: This email originated from outside of the organization.

Good afternoon everyone,

Thank you all for taking some time to meet with me this morning regarding the September 4th Climate Change and the Law: Maryland Edition program. It was nice to see everyone! I'm following up with some important points and dates discussed during our meeting.

- I've attached a copy of the working agenda from last year as well as the course description and learning outcomes for your review.
- We'll check in at some point next week to finalize location choices. Once we do, I'll reach out to the locations to work out details around any registration fees and to ensure the facility is available for use September 4th from 9am to 3:30pm.

If you all have any questions, please don't hesitate to reach out.
